OLD BUSINESS:

**Mobile Outreach Vehicle**  The chassis is complete and has been sent to the manufacturing plant to finish out the body - it is expected to be there for about 12 weeks. The next step is for TechOps Specialty to finish the accessories, systems, and graphics. It’s possible that we will have the vehicle by the end of September, though the timeline is subject to change. The contract included wrapping the vehicle so changes to the logo need to be decided sooner than previously expected. Ms. Ranck and Ms. Gravenor-Stacey plan to post the job opening sometime in July. Ms. Ranck said we have one full-time position open but thinking we will only need someone on the mobile vehicle maybe 25 hours per week. Ms. Ranck shared pictures of vehicles that she found from other library systems. Ms. Ranck stated she is open to any ideas.

**Logo**  Ms. Howard wants to table this since she has to leave the meeting at 11 a.m. Mr. Smith suggested contacting the company to see if they have a graphic person that can assist with the logo.

**Pocomoke**  A capital grant was submitted to the Maryland State Library Agency for constructions funds in the amount of $2.2 million. Ms. Ranck will submit a memo to the County Commissioners for their next meeting to hire Jeff Schoellkopf for the design using funds set aside for the Pocomoke project. Ms. Tomasovic asked about the demolition grant. Ms. Ranck said she has not received any updates but the deadline to reapply is sometime in June.

**MSL Grant Opportunity**  Ms. Ranck and Ms. Gravenor-Stacey submitted two applications to the Maryland State Library Agency for the FY 2023 LSTA competitive grants cycle. One grant proposes to fund two prefabricated, ADA compliant study rooms. If awarded, we envision one being installed at the OC branch and the other at the Snow Hill branch. Information about the model is included in the board packet. The other grant application requests funding for what Ms. Gravenor-Stacey calls a Mobile Multisensory Storywalk®. Ms. Ranck said we will find out in July if the grants are awarded. The solar grant in Berlin is still pending.

NEW BUSINESS:
